### **3. Objects of the Association**

The association fosters, advocates for and promotes the botanical, educational, scientific, cultural and conservation efforts of the Botanic Gardens and State Herbarium of South Australia in its three sites, the Gardens of Adelaide, Mount Lofty and Wittunga, by, among other things:

- furnishing practical assistance and volunteer labour to maintain those gardens and their diverse facilities
- providing education and information to visitors, including guided tours of the Gardens
- assisting at the range of community events held in the Gardens and elsewhere
- raising and donating funds for Garden projects and for the training of staff
